

# BRISTOL ANIMAL RIGHTS COLLECTIVE

Bristol Animal Rights Collective (BARC) is an autonomous group of animal activists with one goal - TOTAL LIBERATION!\*  
BARC campaigns locally on a number of animal issues as well as being part of an international network of groups dedicated to ending animal exploitation.

## ABOUT US

Animal Liberation challenges the notion that animals are products to be used by humans. Bristol Animal Rights Collective (BARC) is a group of people fighting for animal liberation by focusing on specific aspects of animal exploitation. From meat and dairy to circuses and zoos, from horse racing to hunting, from animal testing to fur and leather, we stand against all exploitation of animals. Because of this we fight for the abolition of all animal slavery, as 'welfare' campaigns seek only to improve the conditions in which animals are still exploited, tortured and killed for human benefit. BARC believes non-human animals have intrinsic value beyond what they are given by humans, until this is recognised, we will continue the struggle for animal liberation!

We hold regular meetings every fortnight. If you would like to get involved or want to find out more please contact us!
